Ms. Mary Bardon presented a letter in response to a letter she received from the District. The District had recently become aware that Ms. Bardon's home has been hooked up to sewer service since 1992, and they never paid connection fees, local facility charge, or sewer service charges for the past 31 years. Ms. Barton claims that she was unaware there was a sewer service monthly fee and that the house was hooked up to sewer service before she purchased the home and doesn't feel she should have to pay for a general facility charge or the current special connect fee. After lengthy discussion, the Board tabled the discussion until the next meeting in order to gather and review additional information.
